The Baltimore Ravine Specific Plan (BRSP) is located in southeast Auburn and is generally bounded by the westbound Union Pacific Railroad (UPRR) track to the south, Auburn-Folsom Road to the east, and Interstate 80 to the north and northwest. The BRSP would provide for 725 residential units, 90,000 square feet of commercial/retail space and 2 acres of park. The draft BRSP document was released by the applicant in October 2009. The City of Auburn is currently preparing an Environmental Impact Report (EIR) that analyzes the environmental impacts of the proposal.

In order to enhance the public's understanding of the proposed development, the City is scheduling two opportunities for members of the public to tour the BRSP site with City staff and the project proponent. The tours will be held on Friday, May 7, and Saturday, May 8, from 1:00pm to 4:00pm each day; rain or shine.

Any person(s) interested in attending the tour must **RSVP** to the City of Auburn Community Development Department by not later than **5 p.m., Wednesday, May 5**. Please submit RSVP's to the contact listed below.

Each tour will begin at 1:00pm in the Rose Room at City Hall, 1225 Lincoln Way, Auburn. Tour participants must provide their own transportation, preferably 4-wheel drive vehicles. A limited number of spaces will be available by reservation for those without appropriate transportation.

Tour participants will be responsible for themselves and tour at their own risk. The tour will include walking and some driving on unimproved dirt roads and paths. Poison oak is present throughout the site. Appropriate clothing and foot-wear should be worn.
